SERVICES

From business cards to brochures to packaging and everything in between, our designers have the experience and creativity to turn your ideas into a reality. Our team experts will help you select colors, stock, finishes, and every other aspect for your design, offering suggestions to meet the best quality possible as well as keeping your cost down. We use software such as Adobe Illustrator, Photoshop, CorelDraw and Freehand; and handle both MAC and PC formats.

Offset Printing

State of the art Printing presses, ready to produce brochures, annual reports, presentations, product and art catalogues, pocket folders, posters, corporate stationery and other business documents as requested by our clients.

Silk Screen Printing

Silk Screen printing is more versatile than traditional printing techniques. It can be used to print on variety of materials such as textiles, ceramics, wood, paper, glass, metal, plastic and product labels.

Digital Printing

Professional digital printing refers to methods of printing from an image design stored on the computer to be directly inputted onto a media of your choice, for example you may be looking for a banner with images and lettering on - using our latest technology we can design and implement your chosen design straight onto the banner, the big advantage with the service is that quality work can be sent out a lot faster than other service methods and lets face it, who doesn't need Digital Prints now-a-days?
